National Catholic Health Care Week
October 2 - 8, 2022

This year's theme **"Building Bridges"** focuses on our commitment as Catholic health care to reach out, create connections, welcome all, address gaps and work collaboratively to improve the health and wellbeing of all Canadians—especially those most vulnerable in our society.

Our Catholic identity is grounded in a core belief that it is a privilege to attend to the physical, emotional, and spiritual needs of those we serve, offering comfort, healing, and love. Each day we work to build bridges of trust and healing with individuals, families, communities and our partners in care. As innovators, advocates and strong partners across our health care system, we have a passion for justice and are driven to make the world a better place, where everyone finds belonging, dignity and worth.

As Catholic organizations in Canada, our efforts must begin with honesty and humility about our history and the impact of our action on the health status of Indigenous Peoples. As Catholic health care, we are committed to listening, learning and taking action to bridge gaps, open doors and create the conditions for a society where all are seen and heard.

This Week is an opportunity to reflect on this bridge-building mission and to share stories about how we work with many partners—in our Catholic community, our health system and beyond — to contribute to and help shape an ever-evolving health system, drawing on our Catholic values, and a legacy of innovation and ethical reflection.

You are encouraged to mark National Catholic Health Care Week with daily reflections and prayers. Please visit the Catholic Health Alliance of Canada website at www.chac.ca

Revealing the Courageous Gift of Catholic Health Care
